An abbreviated Newsletter from Midland, Texas.

The writer will be back in Minnesota in early April and will regretfully miss the March 21st Meeting.

Dues will still be accepted next Thursday from those who have not paid this year's dues.

Mary T. did an outstanding job on Mules and Horses in the Civil War for our February Meeting. She presented amazing facts and tidbits about those animals and their importance for about 30 to 40 minutes. One question or comment was made by a Member: Mules are stubborn, aren't they? "No," she said. "They are smart. Watch their ears and they can see their back feet. Making them cautious." Mary owned one years ago and she said that mule was her best friend!!!

Lou Stender, of Fairbault, will present knowledge and information about Gettysburg, other battles, soldiers involved, and how they profoundly and absolutely effect how we live today. Has to be interesting. That's next Thursday, March 21st at the Northfield Senior Center - 7 p.m.

I left Minnesota the day after the February Meeting. A few photos of my travels to share with you:

One more please. In Florida I had to scrape all that sunshine off of the windshield!!!

Kept coming, couldn't stop it!!!

History of this day. Mar 21, 1863.
